Save Our Service, Save a Life

ALERT

Emergency services are to be cut across the West Cork region

- **Skibbereen Ambulance Service** will be shut between 8pm and 8am
- **Castletownbere Ambulance Service** will be shut between 8pm and 8am
- **Bantry Hospital Minor Injuries Assessment Unit** shut between 8pm and 8am
- **The closures will operate 365 days a year**

The entire area of West Cork will be left with only two ambulances overnight, one in Bantry and one in Clonakilty, and the closure of the Bantry Hospital unit during the same hours means that anyone needing hospital treatment will have to be transported to Cork City.

Keep up to date, and get involved

A community campaign has been launched to oppose these cuts. Keep up to date with articles in the press, radio interviews, and online at

www.**WestCorkSOS.com**
